System and Unit Test Report

Project: Bankroll Breakdown

Team: TECS

3/17/17

Sprint 1:

    A. User Story 1: As a user, I would like to create a bankroll.

        Scenario 1: Enter the Deposit / Withdraw form in the Bank tab.

- Click onto the Bankroll Breakdown icon to enter app
- Click on the Bank tab
- Click on the Deposit / Withdraw button which will lead to a form

    B. User Story 2: As a user, I would like to be able to put in or take out any amount of money into the bankroll.

        Scenario 1: From the Deposit / Withdraw form fill out the form.

- From the form, fill in the target amount you want to deposit or withdraw
- Choose from the drop down menu whether you want to deposit or withdraw money

    C. User Story 3: As a user, I would like to be able to decide what variation of poker I am playing.
        Scenario 1: In the game form, there should be a drop down menu for what variation of poker to play.

- Click onto the History tab
- Click New Game
- Under Game Type, choose from a list what type of poker you're playing

    D. User Story 4: As a user, I would like to be able to log a session into the poker journal app.
        Scenario 1: In the History Tab, click New Game.

- Click onto the History tab
- Click New Game

Sprint 2:

    A. User Story 1: As a user, I would like to record the location of my sessions.
        Scenario 1: In the game form, there should be a text form under Location.

- Click onto the History tab
- Click New Game
- Under Location, enter the casino you played at

    B. User Story 2: As a user, I would like to enter how long my session was.

Scenario 1: In the game form, there should be a text form under Time (Hours).
- Click onto the History tab
- Click New Game
- Under Time (Hours), enter the duration of your session

C. User Story 3: As a user, I would like to enter the date of my session.
Scenario 1: In the game form, there should be a text form under Date.
- Click onto the History tab
- Click New Game
- Under Date, enter the date you played your session

D. User Story 4: As a user, I would like to enter the buy in amount for my session.
Scenario 1: In the game form, there should be a text form under Buy In (Dollars).
- Click onto the History tab
- Click New Game
- Under Buy In (Dollars), enter your total buy in amount

E. User Story 5: As a user, I would like to enter my cash out amount for my session.
Scenario 1: In the game form, there should be a text form under Cash Out (Dollars).
- Click onto the History tab
- Click New Game
- Under Cash Out (Dollars), enter your total cash out amount

F. User Story 6: As a user, I would like to be able to see my previous bankroll withdraws/deposits.
Scenario 1: In the Bank Tab, there will be a list of previous bankroll activity.
- Click onto the Bank tab

G. User Story 7: As a user, I would like to be able to choose the stakes I'm playing at.
Insufficient time to implement

H. User Story 8: As a user, I would like to choose which bankroll I am playing with.
Insufficient time to implement

Sprint 3:

A. User Story 1: As a user, I would like to be able to see a list of my past sessions.

Scenario 1: In the History Tab, there will be a list of previous sessions.

- Click onto the History Tab

B. User Story 2: As a user, I would like to be able to clear my past sessions.

Scenario 1: In the History Tab, there will be a Reset Button.

- Click onto the History tab
- Click the Reset button

C. User Story 3: As a user, I would like to be able to see my total profit.
Scenario 1: In the Stats Tab, there will be a list of statistics.
- Click onto the Stats Tab

D. User Story 4: As a user, I would like to be able to see my total hours played.
   Scenario 1: In the Stats Tab, there will be a list of statistics.
   - Click onto the Stats Tab
E. User Story 5: As a user, I would like to be able to see my average session time.
   Scenario 1: In the Stats Tab, there will be a list of statistics.
   - Click onto the Stats Tab
F. User Story 6: As a user, I would like to be able to see my total number of sessions.
   Scenario 1: In the Stats Tab, there will be a list of statistics.
   - Click onto the Stats Tab
G. User Story 7: As a user, I would like to be able to see my win and loss ratio.
   Scenario 1: In the Stats Tab, there will be a list of statistics.
   - Click onto the Stats Tab
H. User Story 8: As a user, I would like to be able to see my biggest wins and losses.
   Scenario 1: In the Stats Tab, there will be a list of statistics.
   - Click onto the Stats Tab

Unit Test Reports

Sprint 1:

    A. User Story 1: As a user, I would like to create a bankroll.

        Scenario 1: Enter the Deposit / Withdraw form in the Bank tab. (PASSED)

    B. User Story 2: As a user, I would like to be able to put in or take out any amount of money into the bankroll.

        Scenario 1: From the Deposit / Withdraw form fill out the form. (PASSED)

    C. User Story 3: As a user, I would like to be able to decide what variation of poker I am playing.

        Scenario 1: In the game form, there should be a drop down menu for what variation of poker to play. (PASSED)

    D. User Story 4: As a user, I would like to be able to log a session into the poker journal app.

        Scenario 1: In the History Tab, click New Game. (PASSED)

Sprint 2:

    A. User Story 1: As a user, I would like to record the location of my sessions.
        Scenario 1: In the game form, there should be a text form under Location. (PASSED)
    B. User Story 2: As a user, I would like to enter how long my session was.
        Scenario 1: In the game form, there should be a text form under Time (Hours).
    C. User Story 3: As a user, I would like to enter the date of my session. (PASSED)
        Scenario 1: In the game form, there should be a text form under Date. (PASSED)
    D. User Story 4: As a user, I would like to enter the buy in amount for my session.
        Scenario 1: In the game form, there should be a text form under Buy In (Dollars). (PASSED)
    E. User Story 5: As a user, I would like to enter my cash out amount for my session.
        Scenario 1: In the game form, there should be a text form under Cash Out (Dollars). (PASSED)
    F. User Story 6: As a user, I would like to be able to see my previous bankroll withdraws/deposits.
